GULHAN

KEEPS YOUR MACHINES MOVING

FOREWORD

Since it was established in 1978, GULHAN has been one of the leading construction machines' parts manufacturer companies in Turkiye and even around the World. Our profession is manufacturing rubber and steel based parts for concrete pumps, concrete truckmixers and other construction machines. GULHAN maintains manufacturing operations at the new 15,000 sqm covered area factory which we have built just in 2022. Besides all, we are able to manufacture also polyurethane, polyethylene and plastic based parts

Our main production groups include concrete pump parts (piston rams, all kind of rubber parts including gaskets, seal kits, steel wear parts, steel s-tube parts, casting parts, hydraulic systems, end hoses and sponge balls), couplings, shock absorbers, engine mountings and sieve buffers. We are also able to produce special products by preparing our moulds according to your technical drawings and samples.

With more than 45 years of experience, GULHAN is determined to protect its principle about;

- Working with expert stuff,
- Qualified raw material usage,
- Constantly expanding and diversifying the production range,
- Fast production & delivery on time,
- Obtaining the customer satisfaction.
- Chasing and implementing ultimate global trends,

Our operations are awarded with TS EN ISO 9001:2000 and TSE Certificates. Our products and raw materials

are consistently being taken into quality tests at our laboratory. We also have quality assurance system which has been followed closely by our quality system department.

GULHAN is a well known company in especially construction sector with its good image and has been carrying on a fastidious work establishing the same good image. We export the parts on both our production line and supply chain to 75 different countries (mainly to USA, Canada, Germany, Italy, UK, Russia & CIS Countries, Balkans, Egypt, South Korea, India, Vietnam and Australia) from our factory in Ankara, Turkiye.

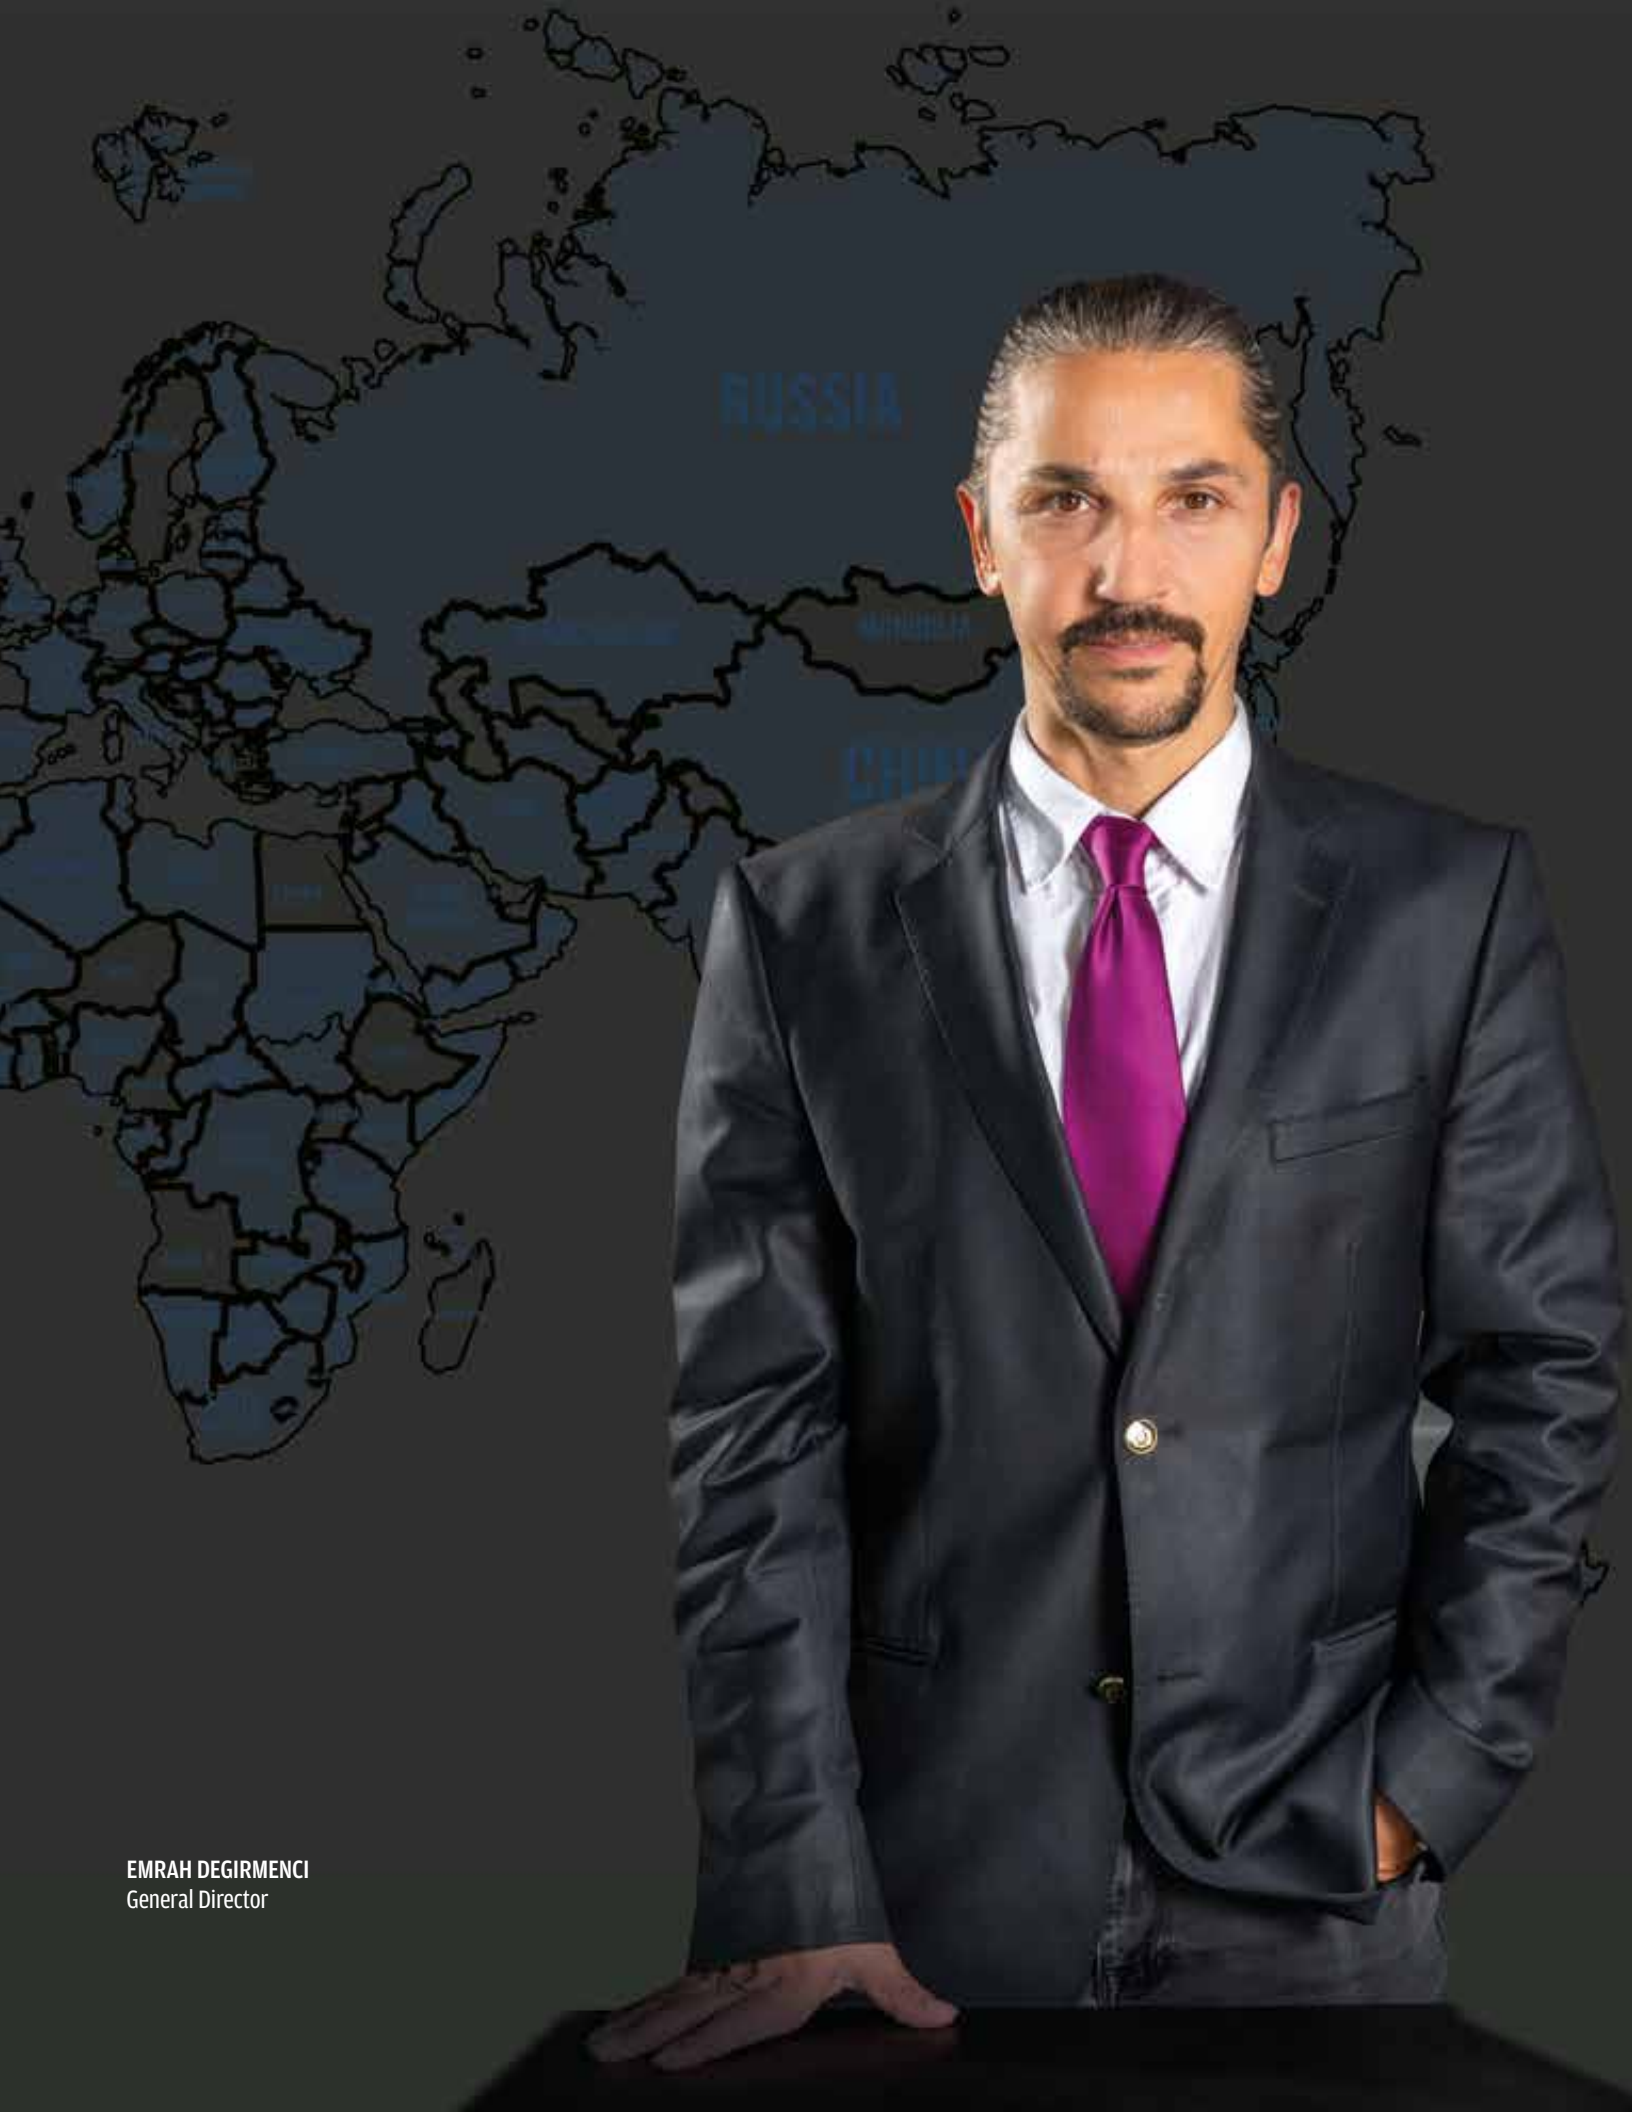

Moreover, to be able to serve faster to our valued customers in USA, Canada and Mexico, we established our Branch and Warehouse in Atlanta, GA in 2018, since then we also operate our sales in North and South America as Gulhan Machinery LLC.

Our sincere wish is establishing a strong relationship and effective partnership with you in the close future

Best regards...
